Baby diapers Selection

Ultrathin and ultra-dry series: "Growing up when sleeping". The prime time for baby growing up is when he is sleeping. Every minute is very precious. In order to ensure a good sleep all night, dry and ultra-thin super-absorber absorbs urine instantly and keep baby skin dry and comfortable for a long time. Baby sleeps well and of course grows well.

Comfortable and skin-care series: Multifunction water-lock layers absorb urine quickly and regorge equably. It reduces the return seepage of urine and helps baby keep his buttock dry and comfortable. High-volume water absorption layer and three-dimensional leak-proof layer help to prevent side leakage. Wave waist, colorful design surface with lovely pictures make baby happy everyday.

Newborn baby: Soft cotton outer-layer provides newborn baby the most needed soft and breathable. Double aloe latex gives baby's tender skin double care. Baby will feel gentle care just like in mother's arm. Soft and comfortable magic waist tapes are reusable adhesive.

Active baby: Baby in this phase like to try different posture and angle. He keeps climbing up and down and waltering around. 10% dilated of fit waist tape and waistline heightened to baby's waist give baby 360° of suitable waist tape. Even how active the baby, the part of baby thigh is still a comfortable fit. This special design makes naughty baby a whole side comfortable. Soft elastic-side enable baby moving easily and multi-layer absorber can absorb urine effectively.

Baby of learning walking: Baby is active and refused to lie down for diapers. This free baby diaper has special pull on design for the baby of learning to walk. Twice more elastic waistline just like little real underwear and unique easy-tear design gives baby a rapid change when standing. Learning and play won't be interrupted. There are brand new diapers which can distinguish baby boys and baby girls easily while changing diapers for them. Super flexible design helps to free baby and the elastic-side flexes twice over itself. Lovely and colorful patterns make your baby happy when changing diaper. Double leak-proof separate sides help baby to keep the skin dry and prevent the urine leakage. Super absorption helps to keep baby skin dry and comfortable. Multilayer absorber absorbs baby urine within 8.5 hours. Super absorber is suitable for boy baby and girl baby. Ultra-thin soft cottony inner and outer layers give baby tender care. Super breathe-free design keeps baby dry and comfortable. Special materials exhaust the fuggy moisture and enable fresh air flowing. Even when baby moves, you can change the diaper easily. Diapers like the little underwear can be put on and put off easily.

Our baby diapers with newly lovely patterns and specially designed for baby in different growing phase are suitable for your baby and make them happy. Just feel free to [inquire us](#) and we are always at your service.
